We are seeking teachers who want to travel China and experience the Chinese culture. Teachers travel to China and help Chinese English teachers improve their conversational English skills and demonstrate methods of teaching.

You will teach Chinese English teachers five hours a day, five days a week. You earn approximately \$750 for two weeks teaching (5000 rmb). You are provided free private lodging and meals, and free tours in Nanjing and the city where you teach. You teach in a school in the Jiangsu Province, and you are placed with other teachers from my group. Lesson plans are provided and I guide you through the entire process.

You must be a native English speaker, have a degree and recent teaching experience, as well as be in good mental and physical health. You must be able to carry your own luggage and material and you may have to negotiate some stairs. TESOL or ESL experience is not necessary, but welcomed.
