

TEACHER WORKSHOP

Making Science Make Sense (MSMS) is Bayer's company-wide science, technology, engineering and math (STEM) education initiative.

About the workshop:

3rd – 5th grade teachers are invited to join Bayer scientists & STEM professionals for a FREE, hands-on workshop. Teachers will participate in STEM activities focusing on chemistry, biology, and engineering as they take a behind-the-scenes tour of Bayer's facilities.

Teachers will take home an experiment tool-kit containing supplies needed to do 3 science activities in their classrooms!

Breakfast & lunch will be provided.

For additional STEM resources,
