

Empowering Educators to Better Address Challenging Behavior

THE KANSAS NATIONAL EDUCATION ASSOCIATION, IN PARTNERSHIP WITH 321 INSIGHT, IS PLEASED TO ANNOUNCE THE JUNE EDUCATOR CONFERENCE, FEATURING CUSTOMIZED PROFESSIONAL LEARNING FOR KNEA MEMBERS.

Join us June 21, 2022, for a full day of hands-on learning that will focus on strategies and best practices for proactively managing challenging behaviors and supporting educator wellness.

Session 1

Educator Wellness - identify stressors you experience every day, and learn strategies to manage them to support overall wellness:

- Understand the critical role wellness plays in supporting educator well-being and overall effectiveness with students
- Learn self-awareness and self-regulation strategies to support wellness throughout the school day
- Learn strategies to help students develop these skills

Session 2

Proactive Behavior Strategies- learn how to see beyond the behavior to understand the root causes, and implement effective strategies to prevent them from happening:

- Gain a better understanding of the root causes of behavior challenges
- Understand the importance of educator mindset to overall effectiveness with students
- Learn proactive strategies educators can implement to prevent these behaviors

Kansas National Education Association
